Offered By:

## PRO - VIP-35 Video Inspection Probe

### VIP-35 / VIP-35-K2 / VIP-35 w/ data storage

The VIP-35 Inspection Probe is designed to provide customers the ability to troubleshoot network performance issues (most commonly caused by dirty connectors) by inspecting the endface of a connector for debris. The VIP-35 kit includes a 400x power probe and a 3.5 inch display for easy viewing of small particles which may exist on the connector. With the included probe tips, the user has the ability to check the quality of both the cable and bulkhead connectors.

PRECISION RATED OPTICS
